

Symposium on Polymers For Microelectronics

Winterthur, Delaware USA 19735
May 11-13th, 2010

Mark Your 2010 Calendars!

The **Symposium on Polymers for Microelectronics** is the foremost comprehensive technical meeting for the integration and processing of polymeric films, dielectrics and coatings for microelectronic applications. **The 14th meeting of the Symposium will be held on the grounds of the Winterthur Museum and Gardens in Winterthur, Delaware, May 11-13th, 2010.** This picturesque setting near Wilmington, Delaware, provides a relaxed, intimate atmosphere for the meeting. Formal symposium sessions are scheduled in the Copeland Lecture Hall. As with prior meetings, ample time will be allotted during breaks and lunch for one-on-one discussions. Wednesday evening highlights include the **Symposium Dinner, Exhibits and a Poster Session.**

Please join us at our 2010 meeting. Session topics include:

- ❖ Microelectronic Packaging Technology & Materials
- ❖ *Semiconductor Polymer Applications*
- ❖ *New High Performance Polymer Materials*
- ❖ Optical Interconnects
- ❖ *Flat Panel Displays*
- ❖ *Polymer Characterization*
- ❖ Emerging Technologies
- ❖ *3D/TSV*
- ❖ *Sensors*

A call for papers will hit mailboxes in the Autumn of 2009 and conference updates and previous meeting information will be posted on our website at www.symposiumonpolymers.com.

Please contact Diane Barcheski at <mailto:diane.m.barcheski@usa.dupont.com> if you prefer to receive notices at a different e-mail address, wish to have your name removed from our list, or know of a colleague who would be interested in learning about the symposium. Include "Symposium on Polymers" in the subject line of your note.

Hope to see you at Winterthur in 2010!

Best Regards,
Symposium On Polymers Program Board
